Product Overview

Ground your space in sophisticated, modern design with this exceptional handcrafted wool area rug. Featuring a continuous, architectural chevron and diamond lattice motif, this piece brings dynamic visual energy to your floors while maintaining a highly refined, neutral aesthetic.

The rug is carefully hand-tufted using premium wool fibers, utilizing a precise high-low pile technique to carve out its striking geometric pattern. The raised, textured linework in soft oatmeal and cream contrasts elegantly with a lower-profile, heathered background of charcoal grey and earthy taupe. This clever interplay of height and color creates a gorgeous multi-dimensional effect that beautifully shifts under natural lighting.

An exquisite choice for high-end styling, this versatile rug is perfect for bringing a cozy yet tailored layer to a modern luxury apartment, a sleek minimalist living area, or a calm, contemporary bedroom.
