Description

Product Description

Introduce a dynamic rhythm to your floors. This premium area rug showcases a mesmerizing geometric matrix composed of alternating vertical and horizontal oval-diamond shapes. The soft, cream-colored base acts as a clean canvas for the intricate, stippled charcoal pattern, creating a striking optical lattice effect that balances retro mid-century charm with cutting-edge minimalist luxury.

Meticulously hand-tufted using a premium wool blend, this piece plays beautifully with pattern and density. The dark geometric motifs are composed of finely detailed, pixelated-style line work that shifts from dense charcoal to light gray. This unique stippling effect creates a beautifully nuanced, textured appearance that softens the high-contrast color palette, allowing it to integrate seamlessly into a variety of high-end spaces.

Perfect For:

- Mid-century modern, Scandinavian, and contemporary minimalist interiors
- Bright, sunlit living rooms, dining spaces, or editorial-style bedrooms
- Pairing alongside clean-lined wooden furniture, neutral boucle fabrics, or matte-black statement pieces
- Creating a sophisticated, artistic anchor point in an expansive room
